

Monti Sibillini

Directed by: Luigi Cammarota
Produced by: SD Cinematografica
Duration: 30'
Versions:  
Format: SD

In front of the infinite heights of Castelluccio, one is struck by the grandiosity of the countryside, and in spring, by the marvels of the flowers. Kingdom of fairies, mythological legends, and hermits, the Sibillini are the ideal place for the dreamer and lover of silence. Norcia and Visso, enclosed behind their mediaeval walls, are towns which are still intact.
