Hi, I am a sea turtle. I look a lot like my land cousins, the tortoises, although my legs are shaped like fins and I am a true champion at swimming. I can even reach a speed of 20 miles per hour...that's four times faster than any Olympic champion. Also when I hold my breath, I am a world-record owner: after taking one big mouthful of air, I can hold my breath up to 90 minutes!!
