

Horses of the Camargue

Directed by: G. Pancaldi, A. D'Onofrio
Produced by: SD Cinematografica
Duration: 13'
Versions: 
Format: HD

Suddenly rearing up, kicking, biting and chasing each other, the stallions of the Camargue fight for possession of the harem. We filmed the daily life of one of the last groups of wild horses still existent in the world. We discovered how little we still know about the naturale behavior of an animal that has lived close to us for so long.
